

(FAVA) Gender Equality, Disability and Social Inclusion Survey on the veterinary in-service in Asia

Dear Respondent,

This survey is being undertaken by FAVA, AAVS, IVSA and the World Organisation for Animal Health (WOAH). It is being conducted across countries and territories in Asia and is specifically intended for **veterinary professionals currently in service**. As the lead regional organisation, FAVA is coordinating this initiative to ensure broad participation and high-quality insights from the veterinary community.

Your responses will help us better understand the needs of people working in veterinary services and animal health and production with regards to gender equality, disability and social inclusion. This will enable WOAH FAVA, AAVS and IVSA to share best practices and, where needed, recommend improvements.

The survey will take approximately **10 minutes** to complete. You may return to previous answers and pause the survey at any time.

Your responses will be kept confidential. The data collected will be used in a summary report, and no individuals will be identified. Please only provide additional information where you are comfortable doing so.

We thank you for your time and input.
